

August 2011 Communiqué

Published 8/29/2011

The annual Ammunition Technician Awards Dinner on 24 May was inspiring. It is a pleasure to see deserving individuals recognized for their contributions. I was a little disappointed that no one let me know their thoughts on our page and progress in meeting your needs as requested in our previous missive. Again for those of you reading this communiqué you validate a philosophy that there are those that desire this type of information. IMSD continues to measure its performance and will conduct an All Hands PUB in Sept. You have my commitment that we'll continue to share what's going on within IMSD. I'd encourage you to explore our Resource/Information Center located at the bottom of the page. You will find access to our Performance Update Board (PUB) minutes as well as our Monthly SitRep.
