IT'S ALL ABOUT THE WARFIGHTER

PM TV Tactical Vehicle Overview

Two Teams:

- 205.1 Light Tactical Vehicles and Trailers (LTV&T)
 - UTV and ULTV
 - Gunner Protection Kit Systems
- 205.2 Joint Light Tactical Vehicle (JLTV)
 - JLTV Family of Vehicles
 - HMMWV Family of Vehicles

GP

GPK

CCWC

Successes and In Progress:

- Procured half of required JLTVs as we fully replace HMMWV fleet
- Integrating over 45 capabilities onto the JLTV and several onto the ULTV
- Added an exportable power variant to ULTV fleet which provides up to 5kW on the move to integrating capabilities
- New Equipment Training for JLTV and ULTV
- Production, Fielding and sustainment of JLTV, ULTV, UTV, GPKs
- Sustainment and Divestment of HMMWV and obsolete GPKs

UTL and Trailer

Challenges:

- Corrosion
- Supply chain across the portfolio
- Transparent armor delamination
- Modern automotive troubleshooting tools/aides for technicians

Opportunities:

- Obsolete parts and assembly replacements across portfolio
- Increase the resilience of supply chain (faster delivery to fleet)
- Simple, low-cost corrosion prevention and TA delamination solutions
- Technician troubleshooting tools/aides for JLTV

ULTV

UTV

4 Litter Ambulance

RHGPK
