

# YOUR EQUIPMENT IS THE FIRST LINE OF DEFENSE

## MARINE CORPS SYSTEMS COMMAND PROGRAM MANAGER INFANTRY COMBAT EQUIPMENT

### MILITARY SKI SYSTEM

**Overview:** The Military Ski System (MSS) will provide an update to the current antiquated Marine Corps ski, which has been in the inventory since 1993 and now faces obsolescence issues.

**Features:** The MSS will be made of a lightweight, flexible, noncorrosive material, designed to allow the novice skier to operate in snowfield conditions with minimal training. The MSS will provide Marines additional mobility for operating on snow in mountains, open areas and forested areas. Additionally, the MSS will provide Marines with the capability to conduct cross-country missions in forward deployed cold weather environments.

**Components:** Ski (PR), Binding (PR), Poles (PR), Replacement rods, Ski wax kit, and Skins (PR)

#### Approved Acquisition Objective (AAO):

UNIT	AAO
I MEF	647
II MEF	647
III MEF	162
MARFORRES	192
MARFORCENT	0
MARFORSOC	0
WRMR	0
DMFA	0
SPT EST	1,000
TOTAL	2,648

**Concept of Distribution:** System will be fielded and managed by the specified Unit Issue Facilities or specific unit supply.

**Fielding Status:** Fielding to begin in FY19

**Requirements Document:** Statement of Need, Change 2 dated 10 July 2013
